Date: 18.10.2018

Dear Madam/ Sir

Sub: Nomination invited from scientists for two-week DST sponsored training on "Solid Waste Management Technology & Regulatory Compliance" to be held at NITTTR, Chandigarh from 14th January-25th January, 2019

Solid waste has become a recurring feature in the urban environment of India. Solid waste management has emerged as one of the challenges faced by the Urban Local Bodies and city inhabitants due to increasing urbanization, where cities are sustaining population way beyond their infrastructural capacity. The challenge of dealing with un-cleared solid wastes has made it imperative to come up with innovative solutions and plans to manage the solid waste generated. At the same time it is necessary to develop regulatory compliances and upgrade the existing norms for effective implementation of the plans developed. This training course emphasises updating the knowledge of technical workforce to facilitate active role in urban planning and incorporation of latest technology and innovation in the field of solid waste management.

With the above aim, National Institute of Technical Teachers Training and Research, Chandigarh, one of the best capacity building institutes in the country, established in 1967 by then Ministry of Education (now MHRD, GOI) to meet the requirements of developing technical education is organising this training. **The training is scheduled from 14th January-25th January, 2019**

We invite prominent practising scientists and academicians from research institutions, industry and academia to share their vision and experience about the latest in the domain. For this training program, we request you to kindly nominate 2-3 scientists (open to both men and women) for the training from your organisation or institution.

The programme is fully sponsored (except to and fro travel cost) by the DST, New Delhi. There is no registration fee as DST; New Delhi is fully sponsoring the programme.

Kindly send the details in the enclosed form on or before 20th December, 2018 to us. Intake capacity for the programme is **only 25 scientists** and candidates will be selected on first come first serve basis. It is exclusively for Government scientists working in central or state government institutions. Hence you are requested to send the nomination at the earliest, to sanjaysharmchd@yahoo.com.

We keenly look for your active support and participation in the programme.

Warm regards

Dr. Sanjay Sharma
