| Operational Plan Number | : | ICT-86 |
| Name of the Course | : | ICT Based Training Programme on “Skill Development for Employment Generation in India” |
| Introduction and Objectives of the Course | : | <p>Skill development holds the key for economic development of the country. The National Knowledge Commission has also laid a lot of emphasis on skill development through formal and non-formal modes. Govt of India has recently developed a Skill Development Mission for training 10 million persons per annum. Govt of India intends to involve ITIs, polytechnics, engineering colleges, institutions of higher learning and the industry in imparting skills to the intended target groups. The proposed one-week programme, therefore, fits within the priority of Govt of India. Such skill development programmes for the masses will have a multiplier effect on the system of technical education in the country.</p> |
| Course Contents | : | <ul style="list-style-type: none"> ❖ To understand the idea for undertaking skill development as a priority activity in technical institutions. ❖ To understand various initiatives taken by the Govt of India to develop skills as per the need of various sectors of employment. ❖ To make the participants understand the philosophy of skill development programmes as intended by Govt of India. ❖ To dwell upon issues pertaining to design, implementation, quality control and certification of skills. ❖ To share successful case studies in the area of skill development through technical institutions. ❖ To impart Knowledge about various agencies and organizations working in the field of skill development |
