National Institute of Technical Teachers Training and Research, Chandigarh

(Deemed to be University Under Distinct Category)

Post Graduate Diploma in Academic Governance and Management

1. About the Institute

In realization of the need for training better quality technicians to meet the large-scale industrialization of the country, the Ministry of Education, Government of India, on the recommendations of All India Council for Technical Education (AICTE), established four Regional Technical Teachers' Training Institutes (now National Institute of Technical Teachers' Training & Research, (NITTTR) at Bhopal, Chandigarh, Chennai and Kolkata in 1967. The institute at Chandigarh, started in collaboration with Royal Netherlands Government (up-to 1974), was designed to meet the requirements of developing polytechnic education in the northern region covering the then states/UTs of Jammu and Kashmir, Himachal Pradesh, Punjab, Haryana, Rajasthan, Uttar Pradesh, Uttarakhand, Delhi and Chandigarh. The institute during this time acted as a resource system to technical education and provided guidance at national, state and institution levels in policy formulation, planning and management, quality controls etc. The institute is registered under the Societies Registration Act, 1860 and is managed by a Board of Governors.

To achieve its stated objectives, the institute undertakes the following spectrum of activities: Education and Training Programmes; Curriculum Development; Instructional Material Development; Research and Development; Extension Services; Consultancy in Technical Education and Technology areas. Keeping in tune with the various emerging needs of the country, the institute presently extends its services in the following areas as well: Media Development including information resources, their acquisition, storage and retrieval; Entrepreneurship Development; Industry Institute Interaction; Continuing Education for Working Engineers/Technicians; Rural Development; Transfer of Appropriate Technology to Rural Areas; Integrating Persons with Different Abilities with the Mainstream of Technical and Vocational Education.

Since 2003, engineering colleges in the northern region have been brought under the purview of this institute as per the directions of Ministry of Education (then the MHRD). Since then, this institute has been conducting many short-term courses in various subjects for engineering college teachers, in addition to catering to their other needs. Further, the institute is also organizing induction training programmes and content based short term courses through ICT.

The status of the institute was elevated to a National Institute and renamed as National Institute of Technical Teachers Training and Research on 18 November, 2003 with an objective to play a larger role for the improvement of Technical Education in the country. **Looking into the consistent performance and contribution in Technical Education System, the institute has now been granted the status of Deemed to be University under Distinct Category with effect from 22nd February 2024.**

Please take a virtual tour of the Institute at <https://youtu.be/Cg3KSNoTVE8> to have a glimpse of the wonderful facilities available in the institute.

Quality Policy

NITTTR (Deemed to be University under Distinct Category) is committed to provide high quality and customized education, training, Research and Development (R&D) and extension services to technical and vocational education system, industry and community. The institute shall develop leadership in technical teacher training and provide educational products and services to enable the technical education system to achieve excellence internationally.

3. Objectives of Post Graduate (PG) Diploma Programmes

In the 21st century, educational institutions face the challenge of keeping pace with rapid advancements in technology and pedagogy. To navigate this dynamic environment, there is a pressing need for high-quality academic leadership equipped with both managerial acumen and a deep understanding of educational governance.

Academic institutions require leaders who can effectively manage resources, implement strategic initiatives, and foster an environment conducive to learning and innovation. These leaders must be adept in areas such as curriculum design, institutional planning, quality assurance, and stakeholder engagement.

To meet these demands, it is essential to reorient and enhance the skills of existing academic leaders through specialized programs that focus on academic governance and management. Such programs should emphasize practical, industry-oriented approaches to equip leaders with the tools necessary for effective decision-making and institutional development

A Postgraduate Diploma in Academic Governance and Management aims to bridge the gap between traditional educational leadership and the contemporary challenges faced by institutions. By focusing on areas such as strategic planning, resource management, and quality assurance, this program seeks to develop leaders who can drive institutional growth and adapt to the ever-changing educational landscape

4. Mode of Conduct

The PG Diploma in Academic Governance and Management will be offered in hybrid mode spreading over two semesters

5. About Entrepreneurship Development and Industrial Coordination (EDIC) Department
